Letter No.357 dated the 29th October 1902 from the President of the Municipalities in the Mysore District, soliciting sanction to ~~the~~ levy Octroi at 2 annas per maund of Jaggory brought into the town of Heggedadevankote.

Note

The Municipal Board of Heggadadevankote propose to levy octroi on Jaggory brought into the town at 2 annas per maund - a rate prescribed in Govt. Pro No.3362/Ml.161 dated the 27th September 18[illegible](spare copy submitted). They expect Rs.100 a year from this fresh levy. The population of the town is 1298, yet as it is the head-quarters of a Taluk it will continue to be a Municipality even after the Rules under the Local Boards Regulation come into operation. The following statement gives the receipts and disbursements of the Municipality during the five years from 1896-97.

No	Items of Municipal Revenue.	1896-97	1897-98	1898-99	1899-00	1900-01	Total	Average

V.	Expenditure.	292	[illegible]76	774	553	[illegible]00	3704	

During the five years commencing from 1896-97, the average income and expenditure of the Municipality per year has been 631 and 741 respectively, the excess expenditure of Rs.110 a year on the average having been met from the cash balance of Rs.938 on 1st July 1896, which came down to R .392 on 30th June 1901. According to the above figures, the taxation per head of population is 5 annas, 8 pies. If the present proposal is sanctioned, the taxation per head of population will be 5 annas and 11 pies nearly.

The increase expected is not an appreciable addition to the present revenue - I am not sure that Kyqadadevankote would continue to be a Municipality under the new Rules which are under consideration - if so the additional revenue may be used that the Provincial will receive the early attention of Govt - I propose enquiring personally into the question when I come there in March next - and if Present advised, I do not consider the recommendation

on the Provincial question should be awaited

This reply does not seem to be quite proper. An enquiry should be made as suggested

Thanks - An enquiry of the kind
suggested by the Dewan may be
made - "Local consumption"
is of course all that can be taken into
account - and not all "~~important~~ importation
into the town" - whether
(Key grade Dewan Kata & Choga)
continue to be a municipality
by reason of its being the
head quarters of a Taluk, or
annexed into a Union, is a ques
- tion which has yet to be
determined - & hence ~~my~~ the
order I proposed - The Dewan's
order is an improvement
upon mine & I agree & it
being passed - The ~~Govt~~ with the exception order
I proposed was meant not to give time but to
see the matter settled in 13/12/02
satisfactorily as possible -
